MEMORANDUM FOR: All Participants in Ginnie Mae Programs

FROM: George S. Anderson, Executive Vice President

SUBJECT: Settlement Dates and Loan Package Due Dates for
GNMA II Multiple Issuer Pools

Ginnie Mae announces GNMA II multiple issuer securities delivery dates and the dates loan packages must be transmitted to Ginnie Mae's Pool Processing Agent (PPA), The Chase Manhattan Bank (Chase).

The pools will be processed in three business days and will be available for pick-up by The Depository Trust Company on the morning of the fourth business day.

The PPA will accept loan packages for participation in the multiple issuer pool program and will assign the multiple issuer pool numbers after the loan packages are submitted to the PPA. The numbers will be assigned to pools designated as multiple issuer pool types on the form HUD 11705 according to the coupon rate of the pool. Once the numbers are assigned, the PPA will advise issuers of this information. Documents must be submitted in accordance with the provisions of the Ginnie Mae II Guide (Handbook GNMA 5500.2).

Following are the securities delivery dates and the transmission dates for loan packages for Ginnie Mae II multiple issuer pools to be issued for October, November and December 1999.

**Securities Delivery Dates and Transmission Dates

For Adjustable Payment Mortgage (APM) Pools only: Security margins must be no less than 100 basis points and no greater than 250 basis points in 50 basis point increments. Loans backing APM pools with an issue date of October, November or December 1999, must have an initial interest adjustment date of January, 1, 2001. Exceptions to this are "M AQ" multiple issuer pools or "C AR" custom pools.

A loan package transmitted for participation in a multiple issuer pool must be received by the PPA by close of business (4:00 P.M., Eastern Time) at least four business days prior to the indicated securities delivery date, and must be transmitted using paperless pool processing via GinnieNET 2020, Version 5.2 in order for the loans to be included in the specified pools. The pool processing time clock begins the business day following the day in which the PPA receives the electronic transmission of pool data, certified by the issuer's custodian required by Ginnie Mae for issuance.

The processing time frame for multiple issuer pools is based on pool submissions prepared in good order without errors. The issuer must have adequate commitment authority and be eligible to issue pools when the pool is processed. No changes or corrections may be made to the pool once it has been retrieved by the PPA. The pool must be processed without waiving any pool requirements.

Multiple issuer pool loan packages transmitted after the date the loan package must be transmitted to the PPA will be excluded from participating in the multiple issuer pool.

The multiple issuer pool numbers will be mailed to issuers submitting multiple issuer pools, via one-day delivery. Financial news service firms carrying a listing of the multiple issuer pool numbers include: Telerate (pages 7130-7135); Knight-Ridder Money-Center (pages 346-353); and Reuters Information Services (pages GMIA-GMIH). Ginnie Mae also has a bulletin board listing on the Telerate services (pages 7136-7137).
